## TURF MARK EXTRA

Itemcode:

### Advanced Spray Pattern Indicator

#### PRODUCT ADVANTAGES

- Indicates skips and overlaps, allows for precise application
- Indicates equipment problems
- Very fast drying and will disappear completely within 1-2 days irrespective of the weather being wet or dry
- Will not stain hands, clothing or equipment
- The polymer based anti-drift system reduces the amount of aerosol droplets leaving the nozzle by binding them together to form larger particles that are less prone to drift.
- Softens hard water by sequestering the free metallic ions in the spray solution that can reduce the activity of many pesticides
